

Entering Match Results Each Week

1. To enter your team's results each week, choose "Match Results" from the drop down boxes and enter the score for both the home & away team.
2. Once completed, click on the "Update Results" box at the bottom of the results listing.
3. The Club gets fined by the QCSA if the results are not in by 8pm Sunday evening so please make it a habit to enter the results straight after the game. This can be easily done via a smartphone at the ground.
